

Cir 23-24/011 (Water Play)

22nd September 2023

Dear Parent / Guardian,

Assalam-o-Alaikum,

Alhamdo Lillah, we feel glad to announce the opening of our brand-new **Water Pool** at the Main Campus. This remarkable addition to our school facilities will provide an exceptional opportunity for physical fitness, recreation, and water safety education.

In sha'a Allah, the official opening of the water pool will take place on Tuesday, 9th Rabi-ul-Awwal 1445 A.H. i.e. 26th September 2023 by Agha Ghulam Raza Roohani, Life Managing Trustee of Green Island Trust and other Senior Board Members.

We are confident that the addition of this water pool will enhance the overall educational experience at the Green Island Foundation School and provide valuable opportunities for physical activity, skill development, and recreation.

We will inform students about their day and block for the swimming. On that day, they have to bring their swimming costumes, towels, goggles (optional) and swimming caps (optional).

Please keep Green Island family in your prayers.

Regards

Principal
