بسمہ تعالیٰ

Green Island Foundation School
(A Project of GIT)

Dear Parents,

Assalam-o-Alaikum,

Green – the color of life, growth, and happiness!

Our young explorers are already discovering the wonders of green around them. To enrich their experiences and deepen their understanding, **Green Color Week** has started today i.e. **Monday, 24th August** till **Monday, 31st August 2026**, culminating in a special **Green Color Day** on **Monday, 31st August 2026**, integrated with the spirit of **Jashn-e-Sadqain (a.s.)**.

To make this celebration truly memorable for our children, we kindly request your support in ensuring their regular attendance throughout the week.

Please Note for Monday, 31st August 2026:

Dress your child in green-colored clothes (Any green shade is acceptable)

- Send a **small green object or toy** for the **Show and Tell activity** (e.g., a leaf, a green fruit/vegetable, or a toy) — anything that helps them connect with the theme in a fun and meaningful way.

We look forward to vibrant and joyful celebrations filled with learning, laughter, and love for the natural world.

Warm regards,

Principal
